Acámica

Front-End web Development (2020 - 2021)

- HTML
- CSS
- SCSS
- REACT.JS

Colegio Universitario Cental

Bachelor of arts

- Position of Vice President of the Student Union (2015)

INTERESES

I am interested in learning languages and acquiring new tools. I am currently studying React.js and Next.js, and in the future I want to get into Back-End development and continue to explore programming, both in theory and in experience with real jobs and projects.
